Dear Tommy,

BUPA Warrington Ground works

I would like to take this opportunity to thank you and your site lads for their professionalism and hard work. The BUPA project is a difficult contract and due to their commitment and skill the groundwork phase of the works was completed on programme and was conducted in such a manner and flexibility that the client's business was uninterrupted. This is very important to Bluestone and to BUPA Hospitals.

Your Site Foreman, Vinny worked closely with the Site Management to ensure that our high standards of Safety and Quality were maintained throughout the works.

I look forward to working with you on future projects.

Yours sincerely

Peter Dunn
Contract Manager
